

Year 1
AUTUMN TERM 1: London
Home Learning Log

Choose at least one English task, one maths task and one topic/science task from the table below. The tasks are ranked accordingly, from 1 star being the easiest level to 3 stars being the hardest. You can choose which level you complete. If you wish to, you could complete more than three tasks.

Star Ranking:	ENGLISH	MATHS	TOPIC/SCIENCE
	Our first book this term is Whatever Next by Jill Murphy. Imagine you are going into space with Baby Bear. What might you see? Draw a picture of what you might see and write your own labels for each item.	Look around the house and local environment for different numbers. What numbers can you find? Where did you find the number? Take photos of the numbers or draw pictures of all the different places you found the numbers.	Draw a picture of London landmarks and add labels.
	We will also be looking at traditional tales such as Little Red Riding Hood and Jack and the Beanstalk. What is your favourite traditional tale? Make a story map to retell your favourite traditional tale (see reverse of the sheet for ideas of how to do a story map).	Find 10 objects from around the house. Ask your adult to give you some of the objects to count. How many objects do you have? What if you added one more? How many do you have now? What about if you take one away? How many do you have now?	Create a model based on a famous landmark in London. Use cardboard from cereal packets or other items around the house to make your sculpture.
	Thinking about your favourite traditional tale draw a picture of your favourite part. Write sentences to explain what your favourite part is and why it is your favourite part.	Roll 2 dice and add the numbers together.  +  = 4 How many different numbers can you make?	Research London and create a presentation of your findings. This could be done in a power point, as a poster or collage.

Challenge: Create and complete your own task related to one of our class topics.

English-Whatever Next by Jill Murphy, Little Red Riding Hood.

Maths- numbers to 10.

Topic-London.

Science-Ourselves

Please complete and return to your teacher by Friday 14th October 2022
