

18.05.2022

Dear Parents/Carers,

### Year 1 PSHE Changing Me

Within PSHE, we will be shortly starting our Changing Me topic, which forms an important part of our curriculum. As of September 2020, it is now statutory for schools to teach Relationships and Health Education.

We revised our curriculum to ensure we include all the statutory requirements and cover a range of topics in an age-appropriate way to enable children to make sense of the physical and emotional changes that are happening to them, as well as helping them to keep themselves healthy and safe.

You may find that your child starts asking questions about the topic at home, or you might want to take the opportunity to talk your child about issues before the work is covered in school.

The following Learning intentions will be delivered to the children in Year 1

- I am starting to understand the life cycles of animals and humans.
- I can tell you some things about me that have changed and some things about me that have stayed the same.
- I can tell you how my body has changed since I was a baby.
- I can identify the parts of the body that make boys different to girls and can use the correct names for these: **penis, testicles, vagina, vulva, anus.**
- I understand that every time I learn something new I change a little bit.
- I can tell you about changes that have happened in my life.

Further information regarding our PSHE and RSE curriculum can be found on the PSHE tab on our school website. If you have any concerns or questions regarding the content that will be taught, please contact school and we will make this available. Otherwise, we will assume you are happy for your child to receive the full programme of lessons.

Yours sincerely,

Mrs Jones  
PSHE lead
